JOURNAL OF THE BIOLOGICAL PHOTOGRAPHIC ASSOCIATION

INDEX TO VOLUME 24 — 1956

A

Armed Forces Library, Collection of Medical Motion Pictures 31

Ash Content of Bone, Using Standardized Radiographs, Estimating 13

Award Selection, An, 26th Annual Meeting of the BPA 117

Award (1956), Louis Schmidt 161

B

Bacterial Culture Tubes and Plates, Photography of 118

Book Reviews
Optics the Science of Vision 152

Principles of Immunology 153

Comparative Anatomy of the Eye 153

The Human Figure in Motion 153

Modern Methods of Microscopy 154

Dictionary of Microbiology 154

Bone, Using Standardized Radiographs, Estimating Ash Content of 13

Bouin and Zenker Fixed Gross Specimens for Photography, The Decolorization of 114

Bronchoscopy With Cinematography and Still Photography, A New Method of 45

Bronson, J. F. 121

Brubaker, James E. 104

Brubaker, Joseph D. 104

C

Callahan, M.D., W. P 127

Cavity Still and Motion Picture Photography, Recent Progress in Open-Tube Endoscopic and 104

Catron, Damon V. 13

Chapter News 37, 158

Cinematography and Still Photography, A New Method of Bronchoscopy With 45

Cinephotomicrography, A Mobile Apparatus for 70

Condensers for Ribbon-Filament and Mercury Vapor Microscope Lamps, Simple 121

Color Film, Inexpensive Wood Processing Tanks for 131

Color Photomicrography, Flash Illumination in 85

Contributing Members 44, 84, 164

Culture Tubes and Plates, Photography of Bacterial 118

D

Darkroom Timer for Time-Lapse Intervalometer, Inexpensive Modification of 130

D

David, Robert E. 118

DuBois de Montreynaud, M.D., Jean-M. 45

E

Eastman House, The George 151

Eddy, C. Graham 144

Editing-Equipment for Frame Counting in Time Lapse Cinematography, Adapting Motion Picture 124

Education and BPA, Scientific 149

Edwards, Roger J. 45

Electronic Point Light Source for Photomicrography, A Variable Output 63

Endoscopic and Cavity Still and Motion Picture Photography, Recent Progress in Open-Tube 104

Eye, Slit Lamp Photography of the 127

F

Facto, Louis A. 13, 130

Flash Illumination in Color Photomicrography 85

Frame Counting in Time Lapse Cinematography, Adapting Motion Picture Editing-Equipment for 124

G

General Hospital, The Role of Medical Illustration in 29

Gibson, H. Lou 149

Gilliam, Luther R. 60

Gladu, M.D., Andre-J. 45

Gross Specimens for Photography, The Decolorization of Bouin and Zenker Fixed 114

H

Harvey, M.D., Thomas S. 70

Holinger, M.D., Paul H. 104

House, The George Eastman 151

Huff, Clay G. 121

I

Illustration in the General Hospital, The Role of Medical 29

Illustrations, The Purpose of Textbook.. 133

Index to Volume 23—1955. Center Spread—Volume 24, Number 2 ....

Intervalometer, Inexpensive Modification of Darkroom Timer for Time-Lapse 130

J

Jacobson, Marjorie E. 126

K

Kastelic, Joseph 13

Koster, Lewis W. 114

Kramis, N. J. 27

L

Lantern Slides, A Method for Making Quality Line Economically 72

Levin, Albert 3

Light Meter, Practical Applications of... 60

Loveland, R. P. 85

Lubitz, Joseph M. 29

M

Medical and Biological Illustration ...38, 163

Medical Illustration in the General Hospital, The Role of 29

Medical Illustration, Some Footnotes on Photography's Place in 144

Mercury Vapor Microscope Lamps, Simple Condensers for Ribbon-Filament and 121

Method of Photomacrography, A Simplified 126

Microscope Lamps, Simple Condensers for Ribbon-Filament and Mercury Vapor 121

Mobile Apparatus for Cinephotomicrography 70

Morton, M.D., P. L. 127

Motion Picture Editing-Equipment for Frame Counting in Time Lapse Cinematography, Adapting 124

Motion Pictures, The Armed Forces Library Collection of Medical 31

Motion Picture Photography, Recent Progress in Open-Tube Endoscopic and Cavity Still and 104

N

Nevala, Lloyd 63

Newhall, Beaumont 151

New Products 32, 80

O

Open-Tube Endoscopic and Cavity Still and Motion Picture Photography, Recent Progress in 104

Osborn, William A. 133

Owczarzak, Alfred 124

P

Parasitology Illustrative 23

Petana, Walter 23

Phase-Contrast, Cine Photomicrography of Tissue Culture Cells Time Lapse.. 27

Photocopying: Technique and Preparation of Material 3

Photography of Bacterial Culture Tubes and Plates 118

Photography's Place in Medical Illustration, Some Footnotes on 144

Photomacrography, A Simplified Method of 126

Photomicrography, Flash Illumination in Color 85

Photomicrography of Tissue Culture Cells, Time-Lapse, Phase Contrast Cine 27

Point Light Source, A Variable Output Electronic for Photomicrography 63

R

Radiographs, Estimating Ash Content of Bone, Using Standardized 13

Ribbon-Filament and Mercury Vapor Microscope Lamps, Simple Condensers for 121

S

Schmidt Award, Louis (1956) 161

Scientific Education and BPA 149

Shapiro, Ph.D., Herbert 70

Slit Lamp Photography of the Eye 127

Smialowski, A. 127

Smith, Robert F. 63

Spinell, B. M. 85

T

Tanks for Color Film, Inexpensive Wood Processing 131

Textbook Illustrations, The Purpose of.. 133

Time-Lapse Cinematography, Adapting Motion Picture Editing-Equipment for Frame Counting in 124

Time-Lapse Intervalometer, Inexpensive Modification of Darkroom Timer for.. 130

Time-Lapse, Phase Contrast Cine Photomicrography of Tissue Culture Cells 27

Timer for Time-Lapse Intervalometer, Inexpensive Modification of Darkroom 130

Tissue Culture Cells, Time-Lapse Phase Contrast Cine Photomicrography of.. 27
